Each season delights the senses with its own unique treats, celebrations and tasks...

and in Seasonal Favorites, The Garden Club of Houston is delighted to help you celebrate those occasions!

Following in the footsteps of Perennial Favorites, this book is "seasoned" with more of our best tried-and-true recipes (some secret ones too!), treasured family stories, creative gift ideas and hints for beautiful seasonal décor. In these pages, our members share:

* Nearly 300 delectable dishes, ranging from entire feasts to easy shortcuts.

* Endless ways to enjoy the bounty from your own garden and from local farmers markets—to grace your table and decorate your home.

* Fun menus and festive ideas for holidays and special occasions throughout the seasons.

* Helpful garden advice from our experts, both horticultural and ecological.

So join us for a journey through the year of gardening, cooking, sowing and reaping...and most of all—wonderful gatherings of family and friends made even better with good food!

THE GARDEN CLUB OF HOUSTON BULB AND PLANT MART

Gardening and harvesting go hand in hand, trowel in glove. Members of The Garden Club of Houston plant home gardens for pleasure and beauty...they combine local ingredients and herb gardening to enhance their repertoire of recipes. They share the hard work of the Bulb and Plant Mart and Florescence flower show—with River Oaks Garden Club and the Museum of Fine Arts, Houston—and they share the joy of supporting many civic projects since its founding.

Established in 1924 by seven enthusiastic ladies, The Garden Club of Houston has increased its membership over the years to more than 300 women and a very few honorary males. A member of The Garden Club of America, the club is involved with horticulture in Houston on every level and participates in a wide array of education and beautification projects through volunteering and providing grants.

The Bulb and Plant Mart, now in its 67th year, is a major horticultural event, but the mission of the club remains the same: to stimulate a love of gardening and increase the knowledge of horticulture in our community.

“There can be no other occupation like gardening in which, if you were to creep up behind someone at their work, you would find them smiling.”

– Mirabel Osler, English author
